Memorandum

Date: February 14, 2014
To: Each Director
From: Paul D. Zillig, Assistant Manager 
RE: Land Resources Subcommittee Meeting Minutes.

The Land Resources Subcommittee met at 11:00 am on Friday, February 14, 2014 in the NRD Conference Room in Lincoln. Subcommittee members present included Larry Hall, Dick Bolte, Ron Case, Dave Landis and David Potter. Others present included Dennis Schroeder, Cindy Spilinek, John Albert, Kasey Ferris and myself.

Chair Hall called the meeting to order and gave a brief welcome. The first time on the agenda was for the subcommittee to review a landuse map of the NRD and we provided copies of the Land Resources Subcommittee portion of the LRIP. I then reviewed the list of different NRD Cost-share programs related to water quality/quantity and discussed their funding and the process we follow from the application to completion.

The next item on the agenda was to review several cost-share applications for farmponds and terrace systems to be built this spring or summer. Albert & Spilinek reported on the farmpond applications received and staff reported on the terrace system applications for spring and/or summer work. It was moved by Case, seconded by Bolte, and unanimously approved by the subcommittee to **recommend the Board of Directors approve the attached list of applications from Carlson, Zetocha, Staben, Rezac, Dankers and Eicher.**

The next item on the agenda was to give subcommittee members the chance to volunteer to be placed on the list of Directors to be submitted to Chair Osborn for inclusion on the NRD "western" and "eastern" cost-share review groups. Staff will submit the information to Chair Osborn.

The final item on the agenda was to report on a draft program being considered by the subcommittee to establish an NRD Program to provide incentives/payments to landowners who enroll marginal land in the USDA CRP Program. The subcommittee briefly discussed this proposed Action item last calendar year and the new subcommittee members were updated. The subcommittee discussed the need to look into keeping the program simple and consider one time payments. Staff will meet with NRCS to prepare some draft program

guidelines/direction and the subcommittee will need to review this at their next subcommittee meeting.

There being no further business the meeting adjourned at 11:55 am.
