Two cost-share applications have been received for installing water quality improvement practices for the NRD's Fall Conservation Program. The Land Resources Subcommittee did not meet; however, the applications were reviewed by the Western Review Group and meet the criteria for the Cost-Share Program. Both applications are in the Western area with one in the SVL – Pawnee Lake Watershed targeted area. Staff recommends approval of the identified fall surface water quality BMP cost-share applications totaling \$24,585.00.
