INSTRUCTIONS TO APPLICANTS

1. Fill in the information on the top half or application portion of this form. Type or print using a ball point pen and press firmly.
2. Do NOT mark the lower half or permit portion of the form.
3. Submit the completed application form and fee to the appropriate Natural Resources District. Fees are nonrefundable.
4. The permit fee is \$60 for a new permit, \$30 for a renewal permit, \$60 for a special permit, and \$250 for an emergency permit. Application for a renewal permit must be received by the NRD on or before June 1 of the year following the year in which the permit was issued.
5. It is the responsibility of the permit holder to schedule with the District the required inspection.

NOTICE: New and renewal permits are annual and expire on June 1 of the year following the year in which the permit was issued. An emergency permit expires 45 days after it is issued.

REPORTING OF ACCIDENTS

Any actual or suspected accident related to the use of a chemigation system must be reported to the appropriate Natural Resources District and the Nebraska Department of Environmental Quality (NDEQ) within 24 hours of its discovery. NDEQ may be reached at (402) 471-2186 during normal working hours. After normal working hours contact the Nebraska State Patrol at (402) 471-4545.

When reporting an accident include all known information, such as time of occurrence, quantity and type of chemical, location and any corrective or cleanup action presently being taken. NDEQ may request additional information and when required, will develop a plan for cleanup and recovery of contaminate. The permit holder is responsible for the actual cleanup.

VIOLATIONS AND PENALTIES

1. Any person who engages in chemigation without first obtaining a chemigation permit shall be
 - (a) subject to a civil penalty of \$1000 for each day at each site where a violation occurs for the first violation and not less than \$1000 and not more than \$5000 dollars for each day at each site where a violation occurs for each subsequent violation; or
 - (b) guilty of a Class II misdemeanor.
2. Any person who engages in chemigation with a suspended or revoked chemigation permit shall be
 - (a) subject to a civil penalty of \$1000 for each day at each site where a violation occurs for the first violation and not less than \$1000 and not more than \$5000 dollars for each day at each site where a violation occurs for each subsequent violation; or
 - (b) guilty of a Class II misdemeanor.
3. Any person who willfully tampers with or otherwise willfully damages in any way equipment meeting the requirements specified in section 46-1127 shall be
 - (a) subject to a civil penalty of \$1000 for each day at each site where a violation occurs for the first violation and not less than \$1000 and not more than \$5000 dollars for each day at each site where a violation occurs for each subsequent violation; or
 - (b) guilty of a Class I misdemeanor.
4. Any permit holder who fails to notify the district and the department of any actual or suspected accident resulting from the uses of chemigation shall be
 - (a) subject to a civil penalty of \$1000 for each day at each site where a violation occurs for the first violation and not less than \$1000 and not more than \$5000 dollars for each day at each site where a violation occurs for each subsequent violation; or
 - (b) guilty of a Class III misdemeanor.
5. Any person who violates any of the provisions of the Nebraska Chemigation Act for which a specific penalty is not provided shall be
 - (a) subject to a civil penalty of \$1000 for each day at each site where a violation occurs for the first violation and not less than \$1000 and not more than \$5000 dollars for each day at each site where a violation occurs for each subsequent violation; or
 - (b) guilty of a Class IV misdemeanor.
