

# TERMS

1. There is no minimum number of trees you must order.
2. Shrubs are not eligible for cost-share assistance.
3. Standard stock sizes are 1 1/2"-1 3/4" on deciduous trees and 4'-5' on conifer stock. Root marker bags are acceptable.
4. Smaller stock can be planted but cost-share will be based on the price of the standard size stock.
6. Maximum in-kind claim amount is \$100/tree for planting and/or \$15 per tree for three years of watering and mulching.
7. Proposals from at least 3 tree vendors must accompany each application.
8. All trees must be guaranteed for one year. .

Detailed Rules and Regulations can be found at [www.lpsnrd.org](http://www.lpsnrd.org) > Recreation > Trails

## ABOUT THE NRD

The Lower Platte South Natural Resources District is one of 23 districts in the state of Nebraska. Formed in 1972 for the purpose of managing the state's natural resources, with an emphasis on watershed management. Programs and activities include all areas of natural resource management and development: tree planting, flood protection, wildlife habitat, stream bank stabilization, environmental education, land treatment, water monitoring and many others. The districts are partially funded by property taxes and governed by a board of directors—elected representatives who serve four-year terms. The NRD system is local government working to protect local natural resources. The Lower Platte South NRD includes nearly all of Lancaster and Cass counties and parts of Seward, Saunders, Otoe, and Butler counties.

Equal Opportunity Provider and Employer

## COMMUNITY FORESTRY PROGRAM

**LOWER PLATTE SOUTH**  
natural resources district

[www.lpsnrd.org](http://www.lpsnrd.org)

## PURPOSE

The Lower Platte South NRD has established a Community Forestry Program for the purpose of cost-sharing on the total cost of tree plantings by community groups.

## ELIGIBILITY

Neighborhood associations, service organizations, citizen groups, business associations, villages, cities, schools, churches and clubs are all eligible for the cost-share program.

Eligible lands include non-federal and non-state public lands and private property within the corporate limits of a city or village. No projects will be eligible for cost-share funds when planting under overhead power or utility lines.

## COST-SHARING

The District cost-share rate is up to 50% of the total cost of the trees, planting and care with the District's share not to exceed \$10,000 per application.

The applicant's match must be a minimum of 25% cash (private funds, no tax funds) and up to 25% other program funds or grants including non-NRD tax dollars, or in-kind services for planting and tree care.

## DEADLINE

Applications will be reviewed on a first-come-first served basis, with total fiscal year cost-sharing based on the NRD budgeted amount. Spring plantings should be completed prior to June 1st. Applications are subject to approval by the district forester, general manager and the LPSNRD Board of Directors. Decisions concerning applications will be reported to applicants by the district forester.
