**North**

The main building is a single-story structure with a gabled roof. It features two large white garage doors with small windows. The exterior walls are made of light-colored brick. To the right, there is a smaller section of the building with a lower roofline and a window.

In the background, there is a long, low building with a dark roof and several windows. A parking lot with several cars is visible in front of it.

A tall, thin black pole stands in the foreground on the left side of the image.

A large area of green grass is in the foreground, partially bordered by a concrete sidewalk on the right and bottom edges.

A concrete parking lot or driveway area is visible in the middle ground, leading to the building's entrance.

The sky is a clear, bright blue with a few scattered white clouds.
