

Request For Qualifications

The Lower Platte South Natural Resources District is issuing a request for professional services using USACE EM 1110-2-2902 guidance to inspect, document by video, and report on the condition of storm drainage pipes through the Salt Creek Levee in Lincoln, Nebraska. Please submit qualifications, including information on experience with similar projects by September 20, 2021. This information should be submitted to the District at the following address. The inspection and final report must be completed by March 31, 2022.

Lower Platte South Natural Resources District
